

Product Description:

- F-PGX is a high barrier transparent polyester film
- The film has a Protective Printable layer atop a High Barrier vacuum deposit on one side with the other side treated with an Acrylic Slip Coat.

Application:

- The film is suitable for high barrier applications like dried meat snacks, confectionaries, microwavable foods, etc.
- Eye catching packaging
- Handle film with care during printing and lamination processes to retain high barrier properties
- Suitable for hot fill, sterilization, pasteurization, and retort applications
- Industrial packaging

Key Features:

- Excellent moisture & oxygen barrier properties
- Higher yield over PVDC coated films
- PVDC / EVOH (PE) coated film replacement
- Environmentally friendly
- High clarity and product visibility

Film Structure
