

SLITTING CAPABILITIES

SLITTER 1

Maximum Rewind of 24" OD

Razor and shear cutting capabilities and can accommodate incoming core sizes of 3", 6", 8", & 10". Can slit down to 2" wide on 3" & 6" cores.

Can handle incoming rolls up to 40" OD and/or 2,000 lbs.

Target thickness range is: .00050 to .00300, we can run thicker up to .010 but would need to review material type before taking an order.

SLITTER 2

Maximum Rewind of 21" OD

Razor and shear cutting capabilities and can accommodate incoming core sizes of 3", 6", 8", & 10". Can slit down to 2" wide on 3" & 6" cores.

Can handle incoming rolls up to 40" OD and/or 2,000 lbs.

Target thickness range is: .00050 to .00300, we can run thicker up to .010 but would need to review material type before taking an order.

NOTE: 3" cores are 44", if width is wider, it would be special order for cores. If 6" core rewind max width of 77" due to spacers/chucks.

SLITTER 3

Maximum Rewind of 26" OD

Maximum Slit Width 30"

Razor cutting capabilities and can accommodate incoming core sizes of 3" & 6".

Slit Width down to 1/2" with a thickness range of .00050 to .00400

Can handle incoming rolls up to 32" OD and/or 700 lbs.

Post-Slitting Packaging:

There are three main types of packaging: Pancake, Cradle, and Header Pack
Pallets: 43" x 43" – Avg. Height is between 38" to 45"

Pack 9.5" OD – 13 Rolls to a Layer

Pack 13" OD – 9 Rolls to a Layer

Pack 18" OD – 4 Rolls to a Layer

Pallets: 30" x 52" – Pack 24" OD – 2 Rolls to a Layer

Header Pack – 6" Cores - 22.5" OD - one to four rolls per pallet depending on width and pallet

Header Pack – 6" Cores - 22.5" OD - one to four rolls per pallet depending on width and pallet

Cradle or Custom, No Standard

Cradle or Custom, No Standard

ADDITIONAL REQUIRED INFORMATION

- What size core do you want the finished rolls on? 3" or 6"?
- What type and gauge of film do you need?
- What is the OD's & footages of the incoming rolls? Do you want them to be the same for the finished rolls?
- How do you need them repacked? How many rolls to a pallet?
- Are you providing your own packaging?
